Grand Total	69

**Response Time**

Each highlighted incident on the graph involves outliers in response time. In several of the incident types there were multiple outliers that affected the overall response time. Several common causes to these deviations are;

1. Responding officer not marked or does not transmit "on scene".
2. Officers delay their direct response to check the area around the location for suspects or victims known to have fled the scene.
3. Incidents are downgraded after entry but prior to dispatch.

**Priority One Calls for Service  
March 2023**
